

360° Freely Rotatable Fitting

8720

KEY FEATURES

- **Economy** - no more premature wear and tear on the supply hose
- **Ease of use** - Reduce efforts due to hose rigidity and make it easier to wash in hard-to-reach places.
- **Comfort** - No need to roll up the hose, which is now ideally positioned.
- **Longevity** - Mechanical components in stainless steel and body in aluminium for food applications.

TECHNICAL DETAILS

- Clearance: 11mm
- Weight: 123g
- Temperature Max: 90°C
- Pressure Max: 40 bar
- Male Connection (D): BSP 1/2"
- Female Connection (C): BSP 1/2"
- Dimensions: (A) Ø 29.5 / (B) 82
